9 DAY ULTIMATE RHINE AND SWITZERLAND

feenstra rhine line

Two beautiful cruises if taken separately and one sensational cruise if you choose to back-to-back them. The 4-Star MPS Statendam is one of the largest ships sailing on European rivers. The itinerary is absolutely exceptional. We have chosen all the stops based on our previous experience of chartering river vessels on the Rhine, the Moselle and, of course, for the unique and spectacular charm of that most charming of destinations, Switzerland. There'll be plenty of opportunities for exciting tours and excursions to some of the most famous sights in Europe. Our ship's manager, Frans Kouwenhoven, who has looked after many of our charters in the past, will be onboard to take care of everything and make sure we have full 4-star service. For our various excursions we'll have our own dedicated coaches with English speaking drivers and tour guides. The cruise will, of course, be accompanied by Cruise In's Managing Director Cliff and his wife Rose. Cliff will also be leading the Cruise In band for the evening entertainment. These cruises are magnificent value.
